

I am opposed to businesses that I do business with being allowed to contact me for sales. I signed the do not call list because I do not wish to be bothered by sales people from any company. Including those that I do business with. If I have any questions or concerns, I will contact that business. If I wish to purchase something, I will contact that establishment. What is next? Are grocery stores going to be allowed to show up at our doors at all hours of the night, simply because I shop there?
